TRAIL 1

1 – God is the creator. Think about how come the birds fly? Do you think an intelligent being was needed in order to create the birds? Or there was no creator? What do you think?

2 - Science often gets it right and other times it's wrong. Some years ago, scientists thought the earth was flat. Today it says we have a monkey ancestor. What do you think? Do you know that science was never able to prove that God does not exist?

3 - Think of a wedding ring and how it has no beginning or end, it is a perfect circle, but it hides a seam. The only being who has no beginning and no end is God. What do you think of this? God is eternal!

4 – God is spirit. Can you see the wind? But, you can see what it produces, right? Can you see God? But, can you see what He does?

5 – God is omnipresent. Draw a picture of your house Is there anything that is everywhere? The air! But do you not what? It is not! What about God? Do you believe he is everywhere?

6 – Remember how you met your best friend. Did you talk to know each other? How can we learn more about God? How does God's voice speak to us? What does the Bible teach us? Should I obey it? The Word reveals God to us!

TRAIL 2

1 – Try to do something. Is it difficult? What do we need? Light! What is better, light or darkness? With the light we can see things. The Word of God helps us see the way in which we should walk.

2 – Play lighting a flashlight and projecting objects. There is shadow because the light cannot reach the other side of the object. Where there are hidden things there is no light. When we lie God is not in the lie.

3 – Observe the colors around you. Can you see the colors in the dark?
Colors only exist because of the light. What would a world without colors be like? Thank God for the light!

4 – Can we drive a car without light? Why not? What can happen when someone does not use the light? The Bible is light. It tells us about God and His will. Share about one of your mistakes.

5 – Turn the lights off, turn on a flashlight and find a mirror. Aim the light in the mirror and see where it is designed. Does the light bend? It travels in a straight line. To walk in the light, we must walk straight. What is to walk straight, right?

6 – When do we have more fear? During the day or at night? Why? We don't see anyone. But who made the light and the darkness? God. God is both in light and in the darkness.

TRAIL 3

1 –Play holding your breath. Is the air important? What is it made of? What do cars and factories do to the air? What does the lack of plants cause to the air? We need to take care of the atmosphere of God!

2 - Did you know that around the earth the atmosphere also forms a shield? It's like a laser! Almost everything that enters the atmosphere disintegrates. What would happen without this shield? God protects us!

3 – Look at the sky. What color is it? In reality it has no color; we see the blue because of light and water in the atmosphere. This water turns into rain. Why does rain exist? What if there was no rain? God is good!

4 – Go to the garden or the street and put water and sprinkle a plant. Clean, fluff the land and sprinkle the plant. How do plants feed themself? Who made the earth like this? Why does the land get weak? What can we do?

5 – Make a sandwich and add vegetables. What are the vegetables for? Search what they are for? How can we do to eat more vegetables and fruits? I'm glad that God gave us the plants.

6 – Remember the plant that you took care of? Why do we have to take off the bush? The good things in our lives are like plants and sin is like the bush. What does sin do? Memorizing the Word of God protects us from sin!

TRAIL 4

1 – Do you know the difference between a star and a planet? Stars are formed by gases, planets are solid. The sun is a star. And the earth? Did you know that Earth is the only planet that has the conditions for life? And who did all this?

2 – Do a competition of who jumps farther. Measure the distances and multiply it by 6. It is this distance that we could jump if we were on the moon. The moon does not have so much gravity. Play, doing things on the moon that God created, in slow motion.

3 – What can the sun cause? What do we use to protect ourselves from the sun? Did you know that there is a layer of the atmosphere that God made to protect us from the sun's rays?

4 – God has provided something to protect us from something that hurts us. What is it? Why is sin bad for us? What has God given us for protection? How does the Bible protect us?

5 – Did you know that each star has a name? Some people put names on them. But who already knows the name of them all? If God knows their names, does he know yours? Do you think you are important? More than a star? What is a star? God knows you and loves you.

6 – Do you know why the tide is full and another time it is low? What does the moon have to do with it? The force of gravity of the moon attracts the waters. Even the moon exists for a reason. Why do you think you exist for? God's glory!

TRAIL 5

1 – What does a bird need to make its nest? Gather some twigs, brush and glue and try to make a nest. It's so much work! Who taught the bird to do this? God has made them knowing! God made everything working well.

2 - Take magazine leaves or colored paper and make various types of airplanes, play with the airplanes. Talk about birds. How can they fly? But they are so different, God is creative! What kind of birds are your favorite?

3 – Open the refrigerator. What foods are of animal origin? Talk about how each of them is important for our health. What are the best? Some people do not eat them. Is it wrong to eat them? But we must respect everyone.

4 – Look for an anthill, observe. What can we learn from the ants? What do they work for? Do they cooperate with each other? Are they united? What can we learn from them?

5 – God wants us to take care of the nature. Make a toy using recycling.

6 – Take a sheet of paper and place the words Respect, Reduce and Reuse. Together think of practical things for the family to do and not to do that can help nature.

TRAIL 6

1 – What is the difference between making and creating? What did God create? What did he do? How did He do it? Did God use his hands? And how did man come to life? Where did the blow come from? Our life comes from whom?

2 - Make dough using 2 teacups of wheat, ½ teacup of salt, ½ tea spoon of oil and water until its soft. Try to make a man. God is an artist. Where did God get the idea of how man would be? In His image! Perfect!

3 – Did God make man like God? But one is dark, another blonde, how are we alike? We are alike because we think, invent, love ... Are we alike or do we need to be more alike?

4 – Show a garden to your son. What do you think of this garden? Was the Garden of Eden more beautiful? Do you think that there was missing any food for Adam? Did God love and care for Adam? And our family?

5 – In the car, ask: Who is the car owner? Can I do what I want with it? If I screw up, will I still be able to use it? So if I want to use it I cannot spoil it? God told man to dominate the earth. How should we do this?

6 – Do you know what the slogan of several policemen around the world is? Serve and protect! Do you remember what God told Adam to do in the garden? Work on it and protect it. How can we serve and protect what God has given us?

TRAIL 7

1 – What am I going to do tomorrow? You and I do not know, but God does. He knows our past, present and future. Does He know what you will need tomorrow? Then, should you be worried or anxious?

2 - Let's make a list of things we want to have? Now let's think about what we really need! Cut off the rest. Did the list decrease? Look at the list. Who can give you all of this? And what if he doesn't give it to you?

3 – Have you seen any friend talk about dating girls (or boys).What do you think of children talking about dating? Is it the right time? God will only gives a person at the right time!

4 – Why did God make man before woman? Because He is the one who should protect, care for and take responsibility before God. Who is more sensitive? Who has children? Do both complement each other?

5 – Why did God create the woman? For His glory! What is the woman's task? Is the woman important? Without the woman what would happen?

6 – Why did God create man? For His Glory! What is the man's assignment? Only to dominate? He has to be responsible and sustain the woman. Is it good for women to have full responsibility and sustain the man? Without man what would happen?

TRAIL 8

1 – Lie down, after 2 min. count how often the heart beats putting two fingers on the side of the neck for 15 sec., and multiply it by 4. Then run and count again. When we sleep our hearts rests, our body heals, grows and heals! I'm glad that God made the rest!

2 - Schedule time to help Mom, ask what she would like. What do you think of work? Would you be able to work as an adult? But can you have a little work at home?

3 – Choose a new ringtone for your mobile. Whenever we call does the other person answer? Sometimes it busy! Did you know that the connection with God is never busy? There is no time to pray, you can pray all the time!

4 – Schedule time to play. What would you like to play? Can mom and dad spend all day playing? Why not? But does the family need time to have fun?

5 – Take the agenda that you made and ask: What is the time to worship God? The Bible says, "Whether you eat or drink, do all for the glory of God." When do we worship God then? In everything? What do we do all day?

6 – Look at a clock, how much time is 1 second? And 1 minute? And 1 hour? Is it a long time? Sometimes we have to wait for hours, days. It is good to wait? And if you know that if you wait you will have something better? And what if you do not want to wait?
